Le transport renouvelé  
Dimension humaine et développement durable  
30 mai au 3 juin

Reshaping Transportation  
Human Element and Sustainability  
May 30th to June 3rd

## **NOTICE TO EXHIBITORS**

The 2009 CITE Annual Conference will be hosted by the Quebec Section at the Delta Centre-Ville Hotel, 777 University St. in downtown Montréal from May 31 to June 3, 2009. The exhibition venue will provide technology manufacturers/vendors, organizations and consulting firms a unique opportunity to showcase their products, services and expertise to both Canadian and US (North East District 1) conference participants. We anticipate an attendance of 200 to 300 transportation professionals.

Conference attendees will include Engineers, Planners, Maintenance and Operations personnel and Police officers. These are involved in road safety, transit planning and operation, designing, purchasing and specifying traffic control devices, maintenance equipment and ITS technologies.

Each exhibitor will receive one complementary registration package, which includes access to the exhibit area, conference sessions, the Annual General Meeting and the social program.

The exhibitor display area will be located adjacent to the technical session rooms. There are however a limited number of display booths available. It is strongly recommended that the registration form and payment be submitted as soon as possible to reserve your booth. The display booth includes the following:

- 8' x 10' space with 8' high back wall and 3' high sidewalls
- 6' table, topped and skirted
- 2 padded folding chairs
- 15 amp, 1500 watt, double receptacle

Your complete application with payment must be received on or before May 22, 2009 to qualify as an exhibitor. Space will be assigned based on the date that the application and payment received.

For further information, or to discuss your exhibitor commitment, please contact:

Michael De Santis
